

## **Iowa State Head Coach Dan McCarney**

"There were some times where I thought we played the best football all year and there were times that left a lot to be desired."

"I have to give a lot of credit to Bill Callahan and his program for the game they played. We've got to find a way to rally and improve and we will."

"There is still half the season left, but you're not going to win many Big 12 Conference games scoring 14 points."

"We had some chances but weren't able to capitalize on them and Nebraska deserves credit for that. They're a real talented team and showed why they deserve to be nationally ranked. They have four running backs that are physical and showed a lot of speed."

"We did some things better, got some pressure tonight on the quarterback, and we took some steps forward with three new starters on defense."

"We were fortunate not to lose anyone tonight. We lost (Adam) Carper and Josh (Raven) this week and they'll be out for the season."

## **Bret Meyer**

"It's a tough loss. They're one of the best units we'll see all year, but that's just part of the game. The offensive line did a good job tonight."

### **Running Game**

"We got behind and kind of had to be one dimensional, but obviously you want to establish the run a little bit more than that. We kind of got behind and had to throw the ball a little more."

### **On the Game**

"Our offense has to regroup. Our defense is getting better every week. I feel that Nebraska's offense was able to calm down a little bit in the second half, but as an offense we are what we are, but we just got to come back."

## **Jon Davis**

"We got to help them out, we left a lot of plays, lot of points on the field today. We just weren't executing like we should have. We had a lot of penalties that hurt us, lot of mental mistakes. Overall we just hurt ourselves tonight."

## **Todd Blythe**

### **On the pass interference play**

"I just kind of did a stutter and go. I did a fake curl route at the ten and took off. Bret threw a great ball out there. I guess they said I pushed off. I'm not here to judge officials or anything like that."
