

Hello fellow SALI members!

I hope everyone has safe travels home, especially those who traveled far.

First off, I wanted to thank everyone in charge of this weekend for making it such a great experience. It was extremely well organized and had a good balance of learning and fun. I know I definitely enjoyed myself!

Secondly, it was GREAT to meet EVERYONE this weekend and to get to know some of the competitors in our conference. It is also great to know that we can put our school differences aside and come together as a Southern Conference community.

I want to restate that I am really excited to be your representative and that I NEED all of your input! Please try to have one person from each school reply to all of my emails; I will try to keep them brief and send as few as possible. Even if it is just the letter "k," confirmation that you have received my email is all that I need!

My contact information is provided for you to be able to get in touch with me. Questions, concerns, problems, ideas, ANYTHING, feel free to send it my way!
